

Working Prototype Known Problem Report, HitchHike, Uplyft, 11/30/2019

List of functions not working:

- Frontend:
 - White cursor on signup page!
 - Autocomplete on android
 - Myrides
 - Sign in button on the sign up page is not appearing too well and the confirm password textbox is half covered
 - Input validation for signup
 - Contact info and price is not being displayed
- Database:
 - Style the verification email
 - If a user is already in the backup-file, don't write it to the file again.
